

Regarding Air1 service to be disrupted by LPFM broadcasting.
As you are doubtlessly aware, Riverside is not a very religious place. Neither is it very clean, or organized, or even safe for children to play in. Air1 is a FREE (listener-supported), POSITIVE, and CONTEMPORARY medium for Christian expression and, as such, reaches many people in a way that they may not have any other outlet for. By way of illustration, consider Air1's recent pledge drive. There were no less than three callers who dialed in and made known to the station they were contemplating self- or externally expressed damage to themselves or others, but they just happened to hear a Christian song that touched them significantly, bringing them "back from the ledge", if you will.

IT IS ABSOLUTELY CRITICAL THAT THIS SERVICE - THIS SINGLE BEACON OF FUNDAMENTAL AMERICAN VALUE - BECOME A VICTIM OF FCC "PROGRESSION"!
